Set MTO dig date

May 15 has been chosen for long-awaited ground-breaking ceremonies at Mississippi Test Operation with a galaxy of the dignitaries in the nation's space program plus federal, state and local officials slated to take part.

Announcement of the date was made by Capt. William C. Fortuna, USN, MTO manager, at a conference last week in Gov. Ross Barnett's office in Jackson. The governor will take part in the ceremonies launching major work at the \$500 million facility along with Dr. Werner von Braun, director of the NASA's Marshall Space Flight Center under which MTO will operate.

A host of details remain to be worked out in conjunction with the program to which the general public is invited, according to Mack Herring, public information officer at MTO. It is hoped to have a special space exhibit on the grounds and officials of the Coast Council of Chambers of Commerce are exploring possibilities of entertaining some of the special guests at a luncheon or dinner that day, depending on the hour of the ground-breaking.

Originally it had been planned to have the ceremony last fall but NASA officials decided it would be wiser to postpone the occasion until there was more on the ground at MTO to show to the many who are expected to attend.

Preliminary work is moving along rapidly at the site now, Herring reported, with the Southern Railway's spur line from Nicholson to Gainesville slated to be ready for operation soon. Renovations are contemplated of the structure building in the area to make it suitable for a reception center and P.O. headquarters as the number of visitors increases daily.

Bay High band concert May 3

May 3 has been selected as the date for Bay High School band's annual spring concert under the direction of Professor Marcel Le Nasc.

Karen Williams will present a flute solo, "Carnival of Venice," accompanied by Mrs. Toy Tedford. Other selections will include marches, tangos, overtures, and end new popular selections.

The program will begin at 8 p.m. Admission is 50 cents for adults, 25 cents for children.

Bids were opened this week by the Corps of Engineers in Mobile on fencing in the test site proper. Low price among 30 firms seeking the job was \$49,635 from Kennedy Electric Co., Inc., of Prichard, Ala.

Opening of bids on harbor dredging for the site has been postponed until April 23.

He also noted a gradual increase in student enrollment with an all time high of 175 at this time, a gain of 49 over last year. Miss Gertrude Perkins' 6th grade won the room contest.

County statement day was held Friday in the Agricultural Building on Necaise Ave. 4-H club members from Hancock County competed in a number of projects. Winners from Guliview 4-H club were Judy Burson, cooking, Sharon Williams, sewing, Melva Dean McCardie, Joy Rita Skinner and Marcelle Schwartz, yard beautification, Rhonda Spence, home improvement, and Doris Louise Green, health.

Polly Peers

This week's column will be sort of a temporary "swan song"—for the next few months the Echo will be Polly Peerless—as is mentioned elsewhere in this issue, my better half has tossed his hat into the ring for political office and for obvious reasons it has been decided that a short severance of relations will be advisable, just writing the above gives your reporter sort of a last feeling. . . we've made so many new friends, in the past three and one-half years, many of whom we only know as telephone voices, that when writing current chatter we feel as if we're actually talking to each reader and we're certainly going to miss these weekly "visits". However, to quote an oft quoted general—"We shall return" come August in the meantime, will all of my faithful "assistant reporters" whose calls are so much appreciated, impart any and all news to the managing editor, Jean Glenn, or anyone who happens to be assisting her, PLEASE.

Now—we'll try and cram just as much news as is humanly possible into this farewell-for-now edition.

Happy Eastertide in sight

Easter, the holiday which officially opens the season on the coast, is all but here, much to the relief of those who deprived themselves during the 40 solemn days of Lent. Many who gave up one of two past vices, drinking or smoking, will break long nights of relief—we hear that a number of these are planning to go by the old rules and end fasts, etc. at noon Sunday instead of chiding by the midnight Easter Saturday innovation. We prophesize this will be one of the gayest weekends on record and consequently one of the bluest Mondays in years! A few who have given up one or both of these pleasures are Henry Devalle, Leano and Rod Humes, John Anderson, Grace Barden, Mrs. Alfred Zepher, Benich and Frank Peterson, etc. etc.

We refuse to speculate as to the possible gender of Lemmie and Harry Lynch's seventh, due to arrive in late August. . . we'll only state that in addition to six daughters, a female Cayman Shepherd, they now possess a litter of kittens born last week—all females!

Former Oak Blvd. resident, Mrs. Frances de Vallan, who recently returned from Europe spent last week as the guest of Gladys and Hal Hicks.

Another familiar face, that of Agnes McCall, whom we've all been missing, turned up last weekend.

Former Miss Italy visits

If anyone has wondered why so many men had a slightly buggy-eyed appearance last Friday and Saturday we have a suspicion it might be due to the pulchritude of a very lovely young lady who is at present known as Miss Ice Magic. A former Miss Italy, Miss Orazietti, who incidentally speaks beautiful English, due to death to the fact that her college major was language, demonstrated an ice making gadget at Lipscomb's on those two days. Don't know how many could give good descriptions of the refrigerator, but heard several repeating an odd numerical equation—something like 34, 22, 34.

The time is growing nearer for choosing four children to attend Children's International Children's Village in Long Beach in June. Mary Ellen Murphy, Timmy Gianneloni, Mary Jo Jacobi and Terry Gavett are local 11-year-olds in the running for this honor. These selected will spend four weeks meeting and playing with children from all over the world. The camp is based on the theory that youngsters of this age have no bias toward race, religion, economic status or cultural differences and by cementing friendship between children all over the world, better relations will result as they grow into citizens. To date 1650 children have from 45 countries taken part in these village camps in 10 countries.

We'll send a belated happy birthday wish to The Tarpon Beacon observed its 82nd last Thursday. We're wondering if there's any truth to reports that its august publisher, Parnell McKay, is to be candidate for the state senate, or is it the House of Representatives?

Complaint dept.

We've raved and ranted on this subject frequently, but apparently to no avail—we refer to the hazardous practice of walking on the seawall and groups chaperoned by one or more nuns from New Orleans seem to be the worst offenders, although a number of much smaller children may be seen balancing precariously as their parents busily crab or fish seemingly unaware of their presence. We've seen several near accidents when cars braked just in time to avoid striking a child falling in their path—guess only a fatality will discourage this dangerous habit!

Smeloise advises

This sounds a bit nauseating but we've found it more effective than any insect repellent. When you must do outside work and mosquitoes swarm all over your physique, simply slap a few to death on varied parts of your anatomy and leave the corpses where they expire. . . I warned you it didn't sound too appetizing, but curies like a charm and it's easier to take a bath when you go inside than to nurse a mass of painful hump.

Animal social notes

Two well known canines, prominent in local animal society had a distinguished visitor recently. Visiting Mairzie Deane and Mimi Ogden was Bambi Redfield, a posable decked out in blue boots, harmonizing nail polish and sequins, no less. The aristocratic animal was accompanied by her owner, Mr. and Mrs. Charles Redfield of Port Covington, N. Y., and Ft. Lauderdale, Fla. who were guests of Dr. and Mrs. Hilaire Ogden. The Redfields and Bambi are en route to England via boat.

Virginia Thomas has accepted the appointment as publicity chairman for St. John's Catholic Church annual fair which has been scheduled Saturday and Sunday, June 29-30.

Mary Alice and Joe Benvenuti have christened their second son and fourth child Benjamin Shourds. The young man, born in Gulfport Memorial March 28, weighed eight pounds and four ounces.

On the sports front

Good for a change—veterans Connie Herlihy, Harold Zimmerman and Fred Bourgeois played the trout early Thursday morning. Haven't had a report from Harold but Connie caught 30—but his

Mr. and Mrs. Albert Le Fournier of Lakeshore spent last weekend in Montgomery where they visited their daughter and grandson, little Terry Spout. Terry was overjoyed to see his "Paw Paw".

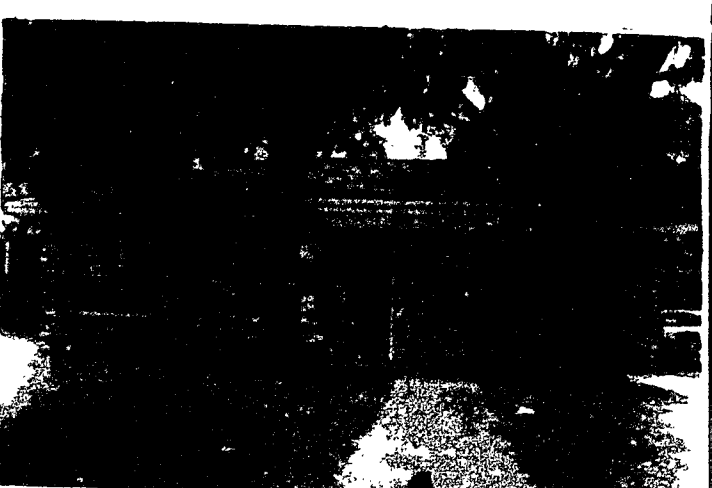

Garbage day

Before you read another line, dash out the door and put your trash cans out for pick-up—due to the Good Friday holiday the town truck will roll a day early. Thursday for this week only.

Kenny Devalle will accompany Cleo and Joe Smith and daughters, Jo Ann and Pamela, to Natchitoches, La., where they will spend the Easter holidays as guests of Cleo's mother, Mrs. Thaddeus Jones.

A very happy birthday wish goes to W. W. Tait who celebrated his 80th Sunday at a family reunion. As Mr. Tait is a retired railroad man, his cake was appropriately fashioned in the shape of a train complete with licorice drops to simulate

Negro groups voice interest in retarded

Interest in forming a group to work with Negro retarded children has been shown by J. S. Price of Valena C. Jones School, Sister Leonardine of St. Rose de Lima High School and Melvin Altman of Knights of Peter Clever, the Hancock Assn. for Retarded Children was informed at its meeting March 28 at the Children's Center.

Mrs. Irma Baker, director of the center, reported on the conference for handicapped children she recently attended in Jackson. There are over 200 known causes of brain damage, she noted, and funds are urgently needed for additional research, prevention and care. One of the most difficult jobs in educating the public and counseling parents, Mrs. Baker continued, emphasizing that these children need management, consistency and love.

A telephone committee was organized to call all members personally and encourage them to attend meetings. Warren Calver, president, announced the state convention will be May 3-4 in Jackson and suggested sending a delegate. Selection will be made later.

Class I is The Awakening, mass arrangement with fresh cut plant material, suitable accessories; Class II—Told, Cold Water, miniature, not over five inches, on mirror; Class III—The New Space Age, with driftwood and painted and treated material predominating; Class IV—The Twilight Zone, as you like it.

Sheriff...

Four men in their late teens or early 20s were jailed Sunday in the alleged forgery of an endorsement to a \$341 check written by Nacole and Pansie, Gulfport contractors, and two younger ones were released in custody of the Stennis County sheriff and Ford O'Neal, highway patrol investigator. In jail are Max, Eli and Frank Loper and Cecil Mora.

According to Deputy Price the group got the check from the man to whom it was made out at an establishment near Delta late Saturday night. They were apprehended here after leaving the check with M. A. Perichino for \$200 to cash after he pulled their car out of a ditch on Kila Road early Sunday morning. They fled when Perichino questioned them later in the day, scattered to the winds when the car blew a tire and were arrested in the south part of the state.

Donald Fitch, 36, was reported to be a construction worker at the Stennis County Hospital where he was taken for treatment after a bicyclist accident on Old Spanish Trail Tuesday afternoon. Raymond Talbot, the youngest of the group, was driving about 20 miles an hour when the car dived in front of him on the highway.

adding that "at a time when many are usually need more money" their pay is reduced.

April 11, 1963

Dear Friends:

The names of many of your parents, grand parents and great grand parents appear in our old records, many as saving members; many as borrowers and quite a few who took an active part in the affairs of the Association.

The early reports and notices were contained in the Bay St. Louis "Gulf Coast Progress" newspaper. It was the custom for the board to have what they called "money to loan meetings" and they would publish a notice of these meetings and any one who wanted to borrow would appear at the meeting and bid for the amount they wanted offering to pay a discount or bonus and they who bid the largest discount would get the loan provided their security was acceptable.

Savers would come in and subscribe to a given number of shares of stock for which they would pay either cash or so much per month on each share.

Quite different from the way it is done today, but then this was a different era.

Yours very truly,

PEOPLES FEDERAL SAVINGS & LOAN ASSOCIATION

Stratton, Ramelli win poppy poster contest

Linda Stratton of North Bay Elementary School and Alcee Ramelli of St. Joseph Academy won classes 1 and 2 of the recent poppy poster contest. Mrs. Lena Cuevas, chairman, announced when the American Legion auxiliary met Monday. Cash awards will be presented to both girls and their entries will be forwarded to the state contest. Mrs. R. J. Reinken, state junior activities chairman, discussed their program and urged more young people to participate.

A program on Pan American was given by Mrs. Claiborne Loder, assisted by Eleanor Turner, Miss Scharf, Brenda Weeks, Mary Statuck and Virginia Webb, students from North Supervisors.

hospital with the Louisville and Nashville Railway for space on the second floor of the railroad's station for use as an emergency first aid station. Rental is \$1 a year with a ten day cancellation clause for both parties. Minutes of the preceding meeting were amended on motion of Trustee Hubert Thigpen to delete that part dealing with a motion by him which on reconsideration he felt was improperly made at that time because of the limitations of a special meeting. As amended the minutes were approved.

The financial report, presented by Rebul in the absence of Trustee Kenneth W. Pepperdane, who was ill, was approved. The report showed a bank balance of \$34,826.03 at the end of March as compared to \$29,279.28 the previous year, primarily due to the increased patient load which averaged 28 per day last month.

Logue reported that the old hospital building had been repainted by prison labor at a cost of about \$200 for paint; that parking lot drainage had been improved; that he planned to use the remaining money in that fund to further decrease this nuisance and that so far governmental red tape had made it utterly impossible to know whether the local hospital might be able to contract to provide the first aid and infirmary needs at MTO. In the latter connection Trustee Cornelius J. Lachner reported on an inspection trip through the MTC plant primarily to learn its first aid and infirmary set up.

Logue also sought trustees' views toward his possible campaign for state Joyce president, saying that if they objected he would not run.

Before adjourning until May 14, Thigpen asked that the minutes show that he thought uncalculated for the picture of Lachner in the March 21 issue of the Echo.

North County News

By JOHN NECAISE

The 4-H high school girls had a day off from school last week. They visited Holly Bluff Gardens and brought lunches so they could picnic under the beautiful pines.

Birthday wishes this week to L. J. Ladner who celebrated last week.

J. C. Harrell was in Gulfport last week to see his doctors. Guy Croson, English teacher at HNC, has begun a series of providing his students with literature. He reads Shakespeare in prose and then has the students to prepare a theme on the story. Last week Mr. Croson presented Hamlet.

Interest is mounting in the newly organized chess club at HNC. Members are mostly high school boys who learned the game during noon hour or vacant periods.

The x-ray unit was at the health office last week. While there I spotted a few north countians. They were Mr. and Mrs. Arthur Koennen and son, Tommy, Mr. and Mrs. Nicole Necaise and sons, Ricky, Kevin and Johnny.

Francis Perkins was in and around Kiln Sunday visiting friends.

Mrs. John Hall, formerly of North Carolina and now living in Kiln, gave birth to her eighth child last week at Keesler Hospital. Four of the Hall girls are attending HNC. They are Paullette, Mary Ellen, Donna Lou and Nancy.

A shooting match was held Sunday afternoon at Fritz's place, Kiln, for benefit of Annunciation Parish Elementary School.

FHA girls at HNC sold hot-dogs and candies last week at the independent basketball tournament to make money to go to the state FHA convention in Jackson this month. Paula Harriel and Edna Moran are the two delegates. Mrs. C. T. Favre and Miss Helen Moran, both home ec teachers, will accompany the girls.

Linda and Diane Bilbo, both career girls, were feeling like flu victims last weekend. But it proved to be just a common cold. (Common colds sometimes make one feel pretty uncommon. Don't they?)

Rev. Mallery Dugan, pastor, Annunciation parish, Kiln, announced from the altar Sunday for the first time that Annunciation Parish Elementary will definitely be ready in September. He said the school will consist of grades one through eight. The information on the nuns as teachers was not available. The job of remodeling has been taken over by men of the parish who do the work on evenings and weekends.

Mrs. Edward Kimmel and daughter, Yvonne, were in Kiln on Sunday visiting Mrs. N. J. Necaise. Other weekend guests of the Necaises were Hubert Bilbo and John Koennen.

Get well wishes this week to Ann Lee who was out last week

with (yes, you guessed it) flu. Birthday wishes go out this week to A. W. Ladner of Dedeaux on his 20th birthday, also to Ricky Paige on his 10th.

A miscellaneous shower was given Sunday afternoon for Mrs. Janie Dubose at the home of Mr. and Mrs. Charles Lavinghouse. Refreshments were served by Olla Faye Paige and Elaine Lavinghouse. Some 50 people attended the affair.

White Cypress Youth Center was a scene of a swinging teenage party last Saturday night. The party was given by Eva Lee Spiers with music by the Moran boys. Refreshments were served by Elaine Lavinghouse, Olla Faye Paige, Amy Ladner and Eva Lee Spiers. The party lasted until mid night with about 150 kids enjoying themselves.

Mr. and Mrs. Denford Ladner visited his father, Wiley Ladner, at the VA Hospital in Biloxi on Sunday.

Mr. and Mrs. Sam Favre, Jr., were weekend guests of Mr. and Mrs. Favre of Kiln.

Mrs. J. C. Koennen and Mrs. Billy Brelaud spoke to senior girls last week on their participation in the Miss America Beauty Pageant.

Lamelle Ladner and Linda Gay Sautier and Dorothy Lee were hostesses to the eighth grade Easter party last week.

The '63 Hawk yearbook was given out last week.

CYC members are planning a gala Easter Sunday celebration at Dedeaux school with baseball, horse races and refreshments. Sammy Cuevas' band will play for the dance beginning at 7 p.m.

Juniors and seniors at HNC met Monday to discuss prospects for a prom.

Wedding bells will ring April 20 for C. J. Malley of Fenton and Lottie Necaise of Pass Christian. All friends and neighbors extend best wishes.

Mr. and Mrs. Ervan Peterson and son, Bruce, were weekend guests of Mr. and Mrs. Edward Shiyou of Fenton.

Mr. and Mrs. Clayton Adams and family were guests Sunday of Mr. and Mrs. Earl Ladner of Kiln.

Baseball season opened Sunday. All local teams participated and Father Vernon and his team won over St. William's. Sacred Heart beat Dedeaux and St. Anne's lost both games.

Glenda Davis, secretary at HNC, has been out of school for the past week with an infection, but is back at the keyboard again now.

The Beta Club met last Monday. The main business before the house was whether to buy to plant tropical plants for the entrance to the school or two live tropical plants. (Live or plastic, the plants will add some life to an otherwise drab entrance.)

Someone or something must enjoy the sight of beautiful pine trees going up in smoke, judging from the huge amount of forest fires in N. Hancock County in the last few weeks. There were three in Kiln alone last week. Many, many more were reported farther north. It is most pitiful when something like this occurs. Think of the number of poor animals who are left homeless and the beauty which is destroyed.

Hancock County girl 4-11's were in Bay St. Louis last week for 4-H attainment day. We are very proud of the fine showing our girls presented. Our congratulations to Edna Moran who won first place over all modeling and second in judging, and Gwen Farve who was second in clothing.

HOME ON LEAVE - Pvt. Johnny Kramer, son of Mr. and Mrs. Jack Kramer, is home on two week leave after completing basic training with the Army at Ft. Polk, La. He has been assigned to Ft. Leonard Wood in Missouri for training in combat engineering.

Mr. and Mrs. William Ogden at their Coleman Avenue home.

Amy Lynch and Jane Ferry were busy helping Jane's mother sell lovely potted plants in front of Waveland Drug Saturday morning. Proceeds will benefit St. Clare's annual Church Fair.

Friday and Saturday were big days for local science fair winners. They left at 1 p.m. Friday for Hattiesburg where they were treated to a taste of college life spending the night in dormitories at Southern.

Lana Taylor, Miss Bay St. Louis was an added attraction at last week's boxing matches. Lana, now a student at Pearl River Junior College, presented trophies to the lucky winners.

Enjoying a party co-hosted by Jay Lenfant and Jay Clabbert on the beach at Clermont last Saturday night were Jay's date, Georgia Necaise and Louis' girl friend, Christine Ladner, Linda Necaise and Raymond Thomas, Jo Kay West and Donald Gavagnie, Angela Smith and Bert Lenfant, Susan Alegette and Gann Smith, all of whom are going steady. Incidentally Georgia and Jay celebrated their 6th (month) anniversary April 1. Other guests were Bonnie Alegette, Jim Taylor, Jerry Lenfant and Larry Geoffrey.

It's hard to realize it's that time again, but a number of girl softball players held a practice session at City Park Saturday. Some of them were Millie Lusher, Cleo Moran, Paula Crider, (all home from Southern for the weekend), Karen Williams and Carolyn Damiens.

Happy birthday wishes go to Sally Scharf and Sandra Ladner, both are now 14. Sally celebrated March 23, Sandra the 25th.

Pretty Kay Dorich, selected queen of Bay High's homecoming court and a campus queen, has yet another honor to her credit. She will represent Waveland as a princess in the annual Gulf Coast Deep Sea Fishing Rodeo in July.

CUEVAS

TO THE CITIZENS
AND TAXPAYERS

OF HANCOCK COUNTY

In announcing my candidacy for SHERIFF and TAXCOLLECTOR OF HANCOCK COUNTY in the forthcoming Democratic Primary election to be held in August, here-in is some of my background.

I am a Catholic and received my education at the Kiln High School. I am 55 years of age and a native resident of Hancock County all my life.

Am married to Alberta Carlton Cuevas, who has been a Nurse in active service of the people of this county for the past 30 years, and is currently on active duty at the Hancock County General Hospital. We are blessed with three children, namely; Ernest Cuevas Jr., Mrs. Clarence Friche and Mrs. Lawrence La Fontaine.

I am seeking this office as an Independent Candidate, and am not affiliated with any political group or clique. I will operate the office of Sheriff and Tax-Collector, without dictation by anyone as to what I can do and can not do. I will show no partiality towards anyone, or any group, regardless of race, color or creed.

I will be for all the citizens of Hancock County all the time. I assure you that if elected to this High Office, I will do my duty in upholding the law to the best of my ability, and at no time will anyone be denied the full protection of the law.

Tiger thinclads capture meet

Bay High's track team overwhelmed Pass Christian 68-21 in a dual meet between two Gulf Coast Conference schools Friday afternoon. Coach Wilmer Seymour's thinclads captured eight firsts out of ten events and added nine seconds.

Senior Billy Pehlman and eighth-grader Charles Necaise were double winners. Pehlman threw the discus over 111' and the shot over 40' to edge senior teammate Charles Breland in both events. Necaise won the high jump and claimed first in the 440 with a 59.6 time.

Other winners from BHS were senior Davey Smith, broad jump; senior Tim Fagen, 220-yard dash; senior Don Everett, 100-yard dash; and the mile relay team. Smith and Fagen claimed one second-place each, the former in the high jump and the latter in the 100-yard dash.

All America pass time here

It's baseball time again! It hardly seems a month since San Francisco's Giants miraculously came from behind to win the National League pennant only to fall before the Yankees in the World Series. It doesn't seem possible six months have gone by since the New York Mets ended their first campaign as baseball's losingest team over. But the new season began the first of this week. There've been quite a few changes since 1962—several familiar faces are either missing or attached to new uniforms.

Glancing first at the N. L. picture, this may be the year of the Los Angeles Dodgers. Too many times the Bums have truly lived up to the nickname they picked up many seasons ago while playing in Ebbets Field in Brooklyn. With so much young talent that even Duke Snider, still a good hitter, can't even make the squad, the Dodgers appear headed for a crown.

Standing in the way, however, are last year's winners, San Francisco's Giants, Cincinnati's over-present Reds, and the St. Louis Cardinals, boasting almost without a doubt the best starting team in the league.

The Dodgers should win on pitching. Starters are tough, relief hurling is superb, and hitting is far from bad. Once again Maury Wills, L.A.'s fleet little shortstop, will be a threat to steal every time he reaches base.

The Giants will try to upset the Los Angeles juggernaut for the second season in a row and the big question may be whether hard-throwing Jack Sanford can post another 20 game-plus winning season. The great Willie Mays is still around and fence-buster Orlando Cepeda can be expected to clout 40 home runs or better. At this stage it's impossible to tell whether such stars of '62 as Chuck Hiller, Tom Haller, Marty Alou, and Juan Marichal can come through once again.

Cincinnati has a good hitting attack led by outfielder Frank Robinson. Pitching is sound with southpaw Jim O'Toole and right-hander Bob Purkey and Joey Jay among the loop's best. The bullpen corps is also strong.

The Cards could be the big sleeper. Third-baseman Ken Boyer, shortstop Dick Groat, first-baseman Bill White, and outfielders Stan Mauldin, George Altman, and Curt Flood are all well-known .300 hitters. The Redbird pitching staff on paper ranks with the best in the majors but an over-abundance of youth might be a handicap.

As we see it, Los Angeles will win the flag with Cincinnati second, St. Louis third and San Francisco dropping to fourth. Pittsburgh and Milwaukee will vie for the other first division berth with a nod to the Braves. Philadelphia gets out vote for seventh, the Mets will shock the world and move up to eighth, Houston figures a safe bet for ninth with a slight chance for a better slot, and the Chicago Cubs will occupy the cellar.

And in the American league

In the American League it's old question of who's gonna challenge the Yankees?

New York has tremendous power in the likes of Mickey Mantle, Roger Maris, Elston Howard, John Blanchard, Tony Kubek, and many others. However, gone is long-time first-baseman Bill Skowron, placed on part-time duty is clutch-hitting catcher Yogi Berra, and the once-unmatchable Yankee pitching staff is not of runaway caliber.

The Angels, surprise of last year, put their hopes on a strong young mound staff built around lefthanded night-owls Bo Belinsky and Dean Chance and righthander Ken McBride. Home run hitting Leon Wagner and Lee Thomas are among the best batsmen.

Detroit, with outstanding hitters like Rocky Colavito, Al Kaline, and Norm Cash, the pitching of Frank Lary, Don Mossi, and Jim Bunning, and a will to come back from a disappointing '62 campaign, is a real threat.

Our selections? Detroit, for the second straight season, gets our first place vote with New York a close second, Los Angeles likewise a close third, and Minnesota, Cleveland, Baltimore, Chicago, Boston, Kansas City and Washington rounding out the standings.

Two local boys are among those out for spring grid practice at Pearl River Junior College. Letterman Bobby Van Calsen, former Bay High fullback, and Waldo Caceres, halfback from St. Stanislaus, are expected to see lots more action on the gridiron next season.

Robert Genin of Bay St. Louis, junior at the University of Mississippi, is one of three returning lettermen on the Ole Miss golf team. The Rebel links squad is playing today and tomorrow in the LSU Invitational Tournament.

YOUNG DON MARQUAR JOSTLES WITH DUPAS

Tigers win 2, drop 1 on diamond

Bay High Tigers opened defense of their Gulf Coast Conference championship with two convincing victories last week before falling before powerful Ocean Springs Monday afternoon.

Coach Lance Lumpkin's nine trounced Pass Christian 19-8, roared past non-league Pearl River Central 12-2, and then lost 10-5 to Ocean Springs, with all games played at City Ball Park in Bay St. Louis.

Centerfielder Leslie Blaize sparked the Tigers to their win over Pass Christian, stroking four hits in four trips to the plate. The Bengals fell behind 3-0 early in the game, but took command in the middle innings.

Don Saucier went the distance on the mound, allowing only five hits. Saucier's only trouble was loss of control at times, but the senior righthander was able to keep it over most of the way.

Strong pitching by junior righthander Gary Noto was the deciding factor in the Pearl River Central contest. Noto spaced seven hits and fanned five in going the route for the hurling victory.

Catcher Leroy Luke led a 16-hit assault with four hits in five bats. Blaize maintained his high average with 3-4, and first-baseman Richard Schaefer and third-baseman Barry Kneeland collected two hits each.

The hitting and pitching of Ocean Springs senior David Beaguez was too much for the Tigers to overcome Monday afternoon. Beaguez silenced Bay High bats, giving up only six hits, and he was 2-3 at the plate including a home run and four runs batted in.

Schaefer provided Bay High with first-inning marker with a solid home run, three more came across the plate in the fourth

4 squads enter women's league

All four squads that took part last year, Mollere's Realty, OLG, Jerome's and Moran's, announced plans to field a team this season in the Bay Women's Softball League at a meeting April 3.

Only seven persons attended the meeting, and it was decided to defer election of officers until April 17 at City Hall at 7:30 p. m. That date also is the deadline to enter the league.

Starting date for play will be June 6. An all-day tournament is set June 2.

when Luke singled, shortstop Dick Watts walked, Billy Thomas singled, Saucier doubled, and Blaize singled. A four-run second inning, however, staked the Greyhounds to a good lead which they didn't surrender.

The Tigers return to action today at 3:30 p. m. against Long Beach at City Ball Park. Tuesday Bay High will play a return engagement with Pass High there.

Rock 9 has grim opening

St. Stanislaus opened the 1966 baseball season last Tuesday in history-making fashion, but unfortunately the story was made by the Rockchewers opposition, the Biland Indians and left-handed pitcher Jerry Dawson in particular. Dawson threw to only 22 batters in seven innings while pitching a near-perfect no-hit, no-run game as Biland won 3-0.

One bright spot appeared for the Rockchewers - sophomore lefty Curtis Mathern allowed the Indians' more experienced power hitters only five hits and walked but one man. He was cheered for two runs in the second inning and allowed the final Biland tally in the fourth frame.

Dawson issued only one base-on-balls while striking out 19 Rock batters.

Mathern again pitched creditable baseball Monday afternoon against Gulfport's Commodores, but Mississippi's largest school made the most of three base hits in posting a close 3-1 triumph.

The locals drew first blood in the opening inning when with one out third-baseman Nodie Lacher drew a walk, second-sacker Doc Rhodes was given a free pass moving Lacher to second, and first-baseman Juan Dedemas collected the first Stanislaus hit of the season, a single driving home Lacher.

Gulfport came back to knot the count with a run in the bottom of the second and then pulled ahead to stay with two in the third while right-handed pitcher Irwin Favre gave Stanislaus hitters only two safeties the rest of the way, one by rightfielder George Anderson and another by Dedemas.

Mathern struck out seven Commodores but four walks and several fielding miscues proved to be the main factors in Gulfport's triumph.

The Rockchewers' next outing will be Tuesday at 3:30 p. m. against Notre Dame of Biland here.
